Bachelor of Arts and Bachelor of Science (BASC) - BA BSc

QTAC code (Australian and New Zealand applicants): Toowoomba campus and Distance education: 909489

CRICOS code (International applicants): 078597K

	On-campus*	Distance education#^
	Semester 1 (March) Semester 2 (July)	Semester 1 (March) Semester 2 (July) Semester 3 (November)

Commonwealth Supported students may be eligible to defer their fees through a Government loan called HECS-HELP.

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. You are able to calculate the fees for a particular course via the Course Fee Finder.

Domestic full fee paying students may be eligible to defer their fees through a Government loan called FEE-HELP provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for FEE-Help.

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. You are able to calculate the fees for a particular course via the Course Fee Finder.

Program structure

The program comprises 32 units as follows:

Core courses	7 units *
Arts courses	12 units (1 x 8 unit major + 1 x 4 unit minor, or 1 x 12 unit major)
Science courses	13 units (1 x 8 unit major + 5 units of electives from Sciences courses, or 1 x 12 unit major + 1 elective unit from Sciences courses)

Footnotes

Students studying majors in Biology, and Human Ph

Enabling Studies	• MAT1000 Mathematics Fundamentals **and** MAT1100 Foundation Mathematics** **or** • MAT1102 Algebra and Calculus I **or** • MAT1101 Discrete Mathematics for Computing **or** • PSY1030 Cross-Cultural and Indigenous Psychology ** It is recommended that students who have gained an Exit Level of Very High Achievement (VHA) in Mathematics B in Queensland Grade 12 or its equivalent OR an exit Level of High Achievement (HA) in Mathematics B AND High Achievement (HA) in Mathematics C in Queensland Grade 12 or its equivalent, enrol in STA2300 in semester 1 and MAT1100 in semester 2 after gaining approval from the Faculty of Business, Education, Law and Arts.

Students should select their Sciences Foundation Studies core courses according to major, as listed below, except with the permission of the Faculty of Business, Education, Law and Arts.Arts.

- one 12-unit extended major from the majors available under the Bachelor of Arts.

(At least two units from each major must be at third year level)

Science Studies

The Science component shall comprise:

Either:

- an eight-unit discipline based major chosen from the majors under the Bachelor of Science (i.e. Biology, Computing, Environment and Sustainability, Human Physiology, Mathematics, Physical Sciences, Wine Science). (Note: the Mathematics major requires students to have achieved a level of Sound Achievement over four semesters in Queensland Senior (Year 12) Mathematics B or equivalent).
- a four-unit study selected from one Science discipline. This four-unit study may or may not be in the same discipline as the eight-unit Science major
- One Science elective approved by the Faculty of Health, Engineering and Sciences.
  Or
- a twelve-unit discipline based major chosen from the majors under the Bachelor of Science (i.e. Psychology, Information Technology or Mathematics and Statistics)
- and one Science elective approved by the Faculty of Health, Engineering and Sciences which may either extend the studies already selected or may be in an additional Science discipline area.

(Note 1: the 12 unit major in Psychology is an Australian Psychology Accreditation Council accredited sequence in Psychology, and students undertaking this major are eligible to apply to undertake the Bachelor of Science (Honours) (Psychology) degree and thus pursue further training to become a Psychologist.

Note 2: the Mathematics and Statistics major requires students to have achieved a level of Sound Achievement over four semesters in Queensland Senior (Year 12) Mathematics B or equivalent).

Additional Requirements - Science

- At least four units of study in the Science component must be at third level.
- Students not completing the major in Computing (eight-unit major), Mathematics (eight-unit major), Mathematics and Statistics (twelve-unit major) or Information Technology (twelve-unit major) must complete the course MAT1100 Foundation Mathematics or the course MAT1102 Algebra and Calculus I. Students may need to take this course as their science elective.
- Candidates completing the major in Mathematics or Mathematics and Statistics will not be given credit towards their award for the course MAT1100 Foundation Mathematics or for the course MAT1000 Mathematics Fundamentals.
- Candidates completing the major in Computing or Information Technology will not be given credit towards their award for the course CSC1402 Foundation Computing.

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, distance education or online), regardless of the program mode of study they enrolled in.

- Students will normally take the core course CMS1000 Communication and Scholarship in Semester 1 and STA2300 Data Analysis in Semester 2 as well as another approved core course in each of their first two semesters.
- Students will normally start the Arts major in Semester 1 of first year and continue it in Semester 2 of first year. The Arts minor is usually started in Semester 1 of second year.
- The Science major is usually started in Semester 1 of first year and continued in Semester 2 of first year. The Science minor study is usually started in second year subject to timetabling constraints.
- Elective courses are usually taken in th Tmry4major in Seme.uu5 study thev
