Program articulation:	To: Doctor of Philosophy	

Contact us

- hold a graduate diploma or four-year bachelor degree in surveying, geomatics, science, urban and regional planning or engineering awarded by an Australian university, or an equivalent qualification awarded by an overseas institution
- have demonstrated a high level of academic performance in these studies

or

- hold a three-year bachelor degree in science, geographic information systems or related field of study awarded by an Australian university, or an equivalent qualification awarded by an overseas institution
- have demonstrated a high level of academic performance in their undergraduate studies
- have completed a qualifying program of spatial science studies approved by the Faculty of Health, Engineering and Sciences achieving a GPA of 5.0 or more in those studies

or

- have worked as a professional in the field of spatial science for a period of not less than five years and can provide documentary evidence, such as technical publications, that satisfies the Faculty of Health, Engineering and Sciences that advanced knowledge has been acquired
- successfully complete an interview conducted by the Faculty of Health, Engineering and Sciences or his/her nominee to assess the candidate's chance of success in the program.

Domestic and International

If a student's RTS entitlement expires before they have completed their program they will be required to pay full tuition fees. As there may be limited RTS places available, some students may be required to pay fees for all or part of their program. The Office of Research Graduate Studies will advise students of their eligibility for an RTS place.

Other program requirements

Students enrolling in this program by external mode will need to demonstrate that the educational objectives normally achieved by attendance on-campus are met by other means. This will normally require that:

- there is acceptable local day to day supervision
- the research project is related to their day to day work
- the student has access to adequate local facilities such as a library, laboratory and/or the technical support required to complete the research project
- communication with USQ staff is readily available via telephone, facsimile and/or email
- the USQ supervisor is able to visit the remote site as required
- the student is able to attend the USQ campus for supervision and/or seminars as directed.

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
