Program aims

The Master of Business Administration and Master of Professional Accounting encapsulates the aims of each program. The Master of Professional Accounting is a professionally-oriented program that provides university graduates with the opportunity to acquire an accounting qualification recognised by the Australian accounting professional bodies. The Master of Business Administration is an advanced academic program for graduates from any discipline who have considerable business experience, and who have a recognised potential for advanced managerial responsibility. This program focuses on those areas of modern management that develop judgement, skills and attitudes that are essential to managerial responsibility

Program objectives

The objectives of the Master of Business Administration are to produce graduates who are able to:

- demonstrate applied knowledge of people, markets, finances, technology and management skills in practice
- identify and solve complex organisational problems, creatively, and practically to increase the effectiveness of management processes
- communicate professionally and effectively in a range of modes to various audiences to achieve targeted outcomes
- demonstrate an understanding of organisations in the global environment and the impact of these on organisational systems
