- (8) implementation of health intervention that integrates current research with best practice
- (9) expert level research skills in data analysis interpretation and presentation in a theoretical framework.

### **Australian Qualifications Framework**

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 10. Graduates at this level will have systematic and critical understanding of a complex field of learning and specialised research skills for the advancement of learning and/or for professional practice.

The full set of levels criteria and qualification type descriptors can be found by visiting [www.aqf.edu.au](http://www.aqf.edu.au).

### **Admission requirements**

To be eligible for admission applicants must have completed all courses in the first year of the **MPCL** program (or other APAC accredited program) with a GPA of 6.0 or higher and submit a thesis proposal.

All students are required to satisfy the applicable [English language requirements](#).

citizenship and transcripts of all previous academic study. It is with this documentation that USQ can determine a student's eligibility for a RTS place. Students who are eligible for RTS are:

- those who have not consumed a RTS allocation previously;
- those who have already utilised the RTS to successfully completed a research program. Once a student completes a higher degree research program full entitlements of the RTS are restored.

If a student's RTS entitlement expires before they have completed their program they will be required to pay
