Program objectives

Graduates of the Bachelor of Nursing will be able to:

- (1) direct their own learning and understand the [NMBA Scope of Practice of Registered Nurses](#) as responsible, reflective lifelong learners
- (2) apply clinical reasoning and clinical management using the nursing process and the best available evidence to provide safe, person-centred nursing care
- (3) demonstrate exemplary communication and interpersonal relationships working and leading intra-professional and interdisciplinary teams
- (4) plan, provide and evaluate comprehensive, safe, appropriate and responsive quality nursing care across multiple contexts and populations that meets NMBA Professional Standards of Practice.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which defi

Bonus ranks may help you get into the program of your choice by increasing your OP/Rank. The bonus ranks don't apply to all applicants or all programs. Please read the information on USQ's [Admissions bonus scheme](#) carefully to find out what you may be eligible for.

Requirements for professional experience placements

Practical experience is an integral component of the program and each student is required to undertake and satisfactorily complete 840 hours of practical experience.

Progression into practical courses is dependent upon a pass grade in theoretical and other practical courses which have been set as prerequisites.
