Students who successfully complete the Graduate Certificate of Spatial Science Technology specialising in Surveying will be able to demonstrate:

- a capacity for the analysis, evaluation and synthesis of surveying related systems
- enhanced technical skills in surveying technology
- an awareness of the current surveying practices and methods
- a professional standard of communication.

### **Admission requirements**

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian university three or four year Bachelor degree in a discipline area approved by the Faculty of Health, Engineering and Sciences, or equivalent  
Or  
A minimum of five (5) years' professional work experience equivalent to a qualification at AQF Level 7.
- English Language Proficiency requirements for Category 3.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

### **Program fees**

#### **Commonwealth supported place**

A Commonwealth supported place is where the Australian Gov
