Professional accreditation

The Bachelor of Information Technology program is accredited at professional level by the Australian Computer Society and, through the Seoul Accord, is recognised in other countries.

Accounting major and Accounting (Extended) major graduates will meet the educational entrance requirements of CPA Australia and Chartered Accountants Australia and New Zealand (CAANZ). This provides Associate membership of CPA Australia, eligibility to study the CPA Australia professional exams and eligibility to study the CAANZ professional exams.

Accounting major and Accounting (Extended) major students who complete a Finance minor will meet the educational entrance requirements of the Financial Services Institute of Australasia (Finsia).

The Accounting major and Accounting (Extended) major are accredited by the Chartered Institute of Management Accountants (CIMA) and the Association of International Accountants (AIA).

Successful completion of the Accounting major and Accounting (Extended) major can qualify students for exemptions from the Fundamental level (9 papers) of the Association of Chartered Certified Accountants (ACCA) exams.

Graduates of the Accounting (Extended) major will have completed courses that meet the requirements for membership to the Tax Practitioners Board.

Finance major graduates will meet the educational entrance requirements to become a member of the Financial Services Institute of Australasia (Finsia).

The Human Resource Management major is accredited by the Australian Human Resources Institute (AHRI) and satisfies the educational requirements for professional membership of AHRI.

The Marketing major is accredited by the Australian Marketing Institute (AMI), and students are eligible for credit towards becoming a Certified Practising Marketer (CPM) upon completion.

Program aims

Bachelor of Business and Commerce

The Bachelor of Business and Commerce is a professionally-oriented degree program. The aim of the program is to produce graduates who are equipped to identify, describe, analyse and resolve business problems in both the public and private sectors. Successful completion of the program will equip graduates with the skills and knowledge required to undertake employment in relevant professions.

Bachelor of Information Technology

The Bachelor of Information Technology is a vocationally-oriented program which emphasises problem solving through the use of information technology. This program focuses on the effective analysis development and management of information and communication technologies in organisations.

The program's foundation is designed to provide students with knowledge and skills in ke

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 07. Graduates at this le

Domestic full fee paying students may be eligible to defer their fees through a Government loan called FEE-HELP provided the

Students may choose courses from those listed in the Minor Studies section of this Handbook. Enrolment requirements must be satisfied for any course selected.

Electives/Approved courses

Students may select either a 4-unit minor study or 4 elective courses from courses offered at undergraduate level within Business and Commerce undergraduate programs or, with the approval of the Faculty of Business, Education, Law and Arts, from other undergraduate programs ofv

Given the program structure information, students should plan their enrolment making sure that they have fulfilled all core, major, minor and elective requirements. Enrolment requirements must be satisfied before enrolling in a course.

As a guide, full-time students should plan to undertake 8 courses per year and online students, who are in employment, a maximum of 6 courses per year, with a minimum of 4 courses per year. This is exclusive of any semester 3 enrolments.
